“My wife and I would like to acknowledge your company for the great product that you sell and service. Our experiences with your company in Today’s spectrum of quality products and exceptional service is unbeatable. The ADO wrap that we purchased for our three sliding doors are wonderful. When we first met with you, a promise was made that your company would order and install the product in a specific time frame which in fact was completed without hesitation. The service technician (Brett) was very cordial and professional in not only installing the window treatments but gave us valuable insights into additional window accessories which we could purchase in the future. I would without hesitation recommend you company to anyone that asks for a referral on window treatments. We are elated that we made the decision to go with Absolute Blinds! Thank you and your staff for your honesty and integrity.” *Dennis and Marie M. Punta Gorda*
