

Vertical blinds have long been popular for a number of reasons. They're both affordable and practical as well as fashionable. Plus, you have greater flexibility and control over the amount of light and heat that enters your home.

At Absolute Blinds Etc., we're the area's #1 manufacturer and installer of quality vertical blinds. We install more vertical blinds in Charlotte County than anyone else and offer attractive verticals in hundreds of colors and styles.

And because we make your vertical blinds right at our local facility, we're able to cut out the middleman supplier and pass along unbeatable lower factory-direct prices onto you. No one beats our amazing low prices on custom vertical blinds. And our quality is the absolute best. We use the finest quality hardware and materials, and do things right. We have an excellent reputation in the community and provide prompt, professional installation that is second to none.

We invite you to visit our local showroom where we have many styles of vertical blinds on display for you to see and select from. We can even make your verticals while you wait!
